Chapter 1 General Information

1–1. Purpose

This pamphlet implements policies contained in Army Regulation 340-21, The Army Privacy Program. It identifies Army and Army and Air Force Exchange Service (AAFES) system of records notices subject to the Privacy Act of 1974 (as amended). These system of records notices have been published in the FEDERAL REGISTER to inform the public of records which the Army and AAFES maintain on them so they may request access or amendment. For system of records notices exempt from provisions of AR 340-21, exemptions and reasons, therefore, having been published in the FEDERAL REGISTER and in 32 Code of Federal Regulations Section 505, are included in the notices.

1–2. References

Required and related publications and prescribed and referenced forms are listed in appendix A.

1–3. Explanation of abbreviations and terms

Abbreviations and special terms used in this pamphlet are explained in the glossary.

1–4. Authority

The Privacy Act of 1974 (5 USC 552a), as amended, is the statutory basis for the Army Privacy Program.

Chapter 2 Concept

2–1. Preamble

a. How systems of records are arranged. Department of the Army records are identified by the directive number which prescribes the records created, maintained, and used, and are published in numerical sequence by identification number. For example, a system of records about assignment of military personnel may be found in the 614 series; "assignments, details and transfers." Some subjects, such as investigations, are treated as sub-elements of a series, e.g., "criminal investigations, security, and military intelligence."

b. How to use the index guide. To locate a particular system of records, follow this general guide. The series subject corresponds to the system identification number. For example: medical services records for military and DOD civilian personnel are in the 40 series. The first letter, "A," represents the Army, the number (40-66) is the prescribing directive, and the suffix letters are internal management devices. Example: A0040-66 DASG.

2–2. Point of contact

For more information, contact the U.S. Army Records Management and Declassification Agency, at (703) 806-4390, DSN 656-4390, or FAX (703) 806-3230 and (1-800) 258-9998.
